

JB POOL CONSTRUCTION

A TROPICAL GETAWAY

ESCAPE IN YOUR OWN BACKYARD

With a stunning, Bali-inspired contemporary design, the project featured here truly is a tropical paradise. The homeowners desired a place where they could escape and relax, so they worked with the team at JB Pool Construction to create their dream backyard.

The owners had an idea of the pool design they wanted, including the basic dimensions and the shape, but with the help of JB Pool Construction, their ideas were fine-tuned to include appropriate seating, step entries, the stool layout and the water feature reservoir.

With an incredible water wall feature, striking black tiles, beautiful pool interior, and two firepits, this outdoor oasis is the new family paradise.

The installation of the new pool has truly enhanced the outdoor space and become an integral part of the entertainment area. It also features excellent water-saving and energy-saving measures, including variable speed pumps with 8-star and 9-star energy ratings, and a 6kw solar-power unit that offsets all pool energy requirements. Rain water tanks have also been used to automatically top up the pool and pond.

Specialising in residential pools for clients with high expectations, JB Pool Construction works closely with each homeowner to ensure the finished project is perfectly tailored to their family and lifestyle requirements. The project featured here is no exception to the incredible attention to detail and workmanship that the team applies to all its work.

Working throughout South East Queensland and northern New South Wales, JB Pool Construction provides an exceptional service that sees each client deal directly with the business owner, salesperson, designer, project manager and builder all-in-one, which guarantees a personalised and attentive service.

Jamie Bramich has more than 20 years of experience in the Gold Coast swimming pool industry and has been the owner of JB Pool Construction since it began in 2007. Bramich takes care of everything, from the initial site inspection to quotation and design, contractual documents, engineering, certification and council approvals.

JB Pool Construction is a member of the Queensland Master Builders Association (MBA) and recipient of numerous industry awards for swimming pools, outdoor living and landscaping. It recently won Best Swimming Pool at the 2015 Master Builders State Housing & Construction Awards.

When you employ the help of JB Pool Construction, you can rest assured that the team will complete your project to the highest standard.
